GOVERNMENT OF INDIA
MINISTRY OF WORKS PRODUCTION & SUPPLY.

No. 2754 -Ag/51.

New Del-hi, the 6th June 1951.

From .

Shri S.K. Ghoshal,
Assistant Secretary to the Govt. of India.

To

The Secretary,
to the Government of Bombay,
Public Works Department.

Subject:- Revision of Centage charges.

Sir,

I am directed to refer to your letter No. 2434/48-A, dated the 24th May 1951 on the subject cited above, and to say that as laid down in para 4(b) of appendix 5 of the CPWA Code, the establishment charges are intended to correspond as far as possible to the average percentage borne by the Public Works Department charge normal establishment to the normal works programme which will occupy such establishment. In the past expenditure on Establishment approximated to 14½ % of the cost of works. Since the works load for each division and circle has, as a measure of economy, been increased a corresponding reduction in the staff of the Central Public Words Department has been effected. On the introduction of the economy measures it is felt that percentage of 14½% for Establishment and 1½ for T & P requires revision. A proposal to levy Departmental charges on a sliding scale at the following rates is under the consideration of this Ministry:-

| (1) | Establishment charges. (2) | Tools & Plant charges (3) | Audit & Account charges (4) | Pensionery charges (5) | Total (6) |
|---|---|---|---|---|---|
| Slab I-Works Costing Rs. 5 lakh and above. | 7½% | ½% | 1% | ½% | 9½% |
| Slab II-Works Costing more than Rs.2/1 lakhbut less than 5 lakhs. | 10% | ½% | 1% | ½% | 12% |
| Slab III-Works Costing more than Rs.40,000 but less than Rs. 2 lakhs. | 12% | 1% | 1% | ½% | 14½% |
| Slab IV works Costing Rs. 40,000 and below | 15% | 1% | 1% | ½% | 17½% |
| Slab V-All Horticulture works | 10% | 1% | 1% | ½% | 12½% |

In arriving at the above figures, the following points have been kept in view:-

A) Big Projects and original works require less establishment as compared to small works and repair works. This Supports on proposals which may now be for approved
B) That quite a substantial part of the expenditure on the office of the Chief Engineer is spent on administrative and consultative works, as distinct from the work connected with the actual execution of work.

Yours faithfully,

Sd/-

( S.K. Ghoshal )

Assistant Secretary to the Government of India.
